Hola,

I know that you wanted to learn more about El Dorado Ranch but have been unable to attend one of our dinner seminars. I have exciting news! Please join us at our Web Meetings to learn about what we are offering. As a reminder, "The Ranch" is not a timeshare but beautiful affordable sea-view homesites priced from \$28,500 with 1% financing as well as golf and beach homesites and townhouse villas. It is located in an affordable eco-friendly destination beach resort in San Felipe, Baja, where you can own a dream getaway/vacation/second home that can transition into a fun and affordable retirement. You own your property at El Dorado Ranch with the same "bundle of rights" – the ability to sell, lease, will, encumber and enjoy your property that is afforded you in the United States. Because of the low cost of living, a couple can "Escape to a Fun Good Life" for as little as \$1,200 a month for everything including property taxes, medical insurance and a housekeeper. That's why we call it the "Better California Retirement Plan".

Ernst and Young, one of the biggest accounting firms in the world, recently did a report about the next generation about to retire. The frightening results indicate that 3 out of 5 middle class Americans will outlive their money!! At El Dorado Ranch you can enjoy a quality resort lifestyle just on your Social Security with money left over! Why not check it out for yourself!
